

HOW TO GET EVEN MORE OF A GOOD THING!

WITH THE OPTICAL ZONU EXTENDED WARRANTY PROGRAM

WE ARE OFFERING YOU UP TO
7 YEARS OF
EXTENDED WARRANTY
(PARTS AND LABOR)
ON YOUR SYSTEM, SUB-SYSTEM
OR MODULES.

But you
must act
now!

Here's how it works for new equipment:

- Year 1 warranty – included at no cost.
- 12.5% of purchase price every year for up to 6 additional years.

Amortized over the 7 years, this is approximately 10.7% per year. You will pay year 2 in advance and then be invoiced annually for years three to seven. This plan must be purchased within 30 days of shipping.

Here's how it works for existing equipment:

We will require the Serial Numbers of the equipment and based on age; the initial payment will be for year two to current. For example, if the equipment is three years old your initial extended warranty payment would be year two at 12.5% of purchase price + year three at 12.5% then you will be invoiced annually at 12.5% for the remaining four years.

If equipment is returned for repair and the equipment proves not to be faulty you will be invoiced our standard \$200 evaluation fee. Otherwise, any repairs required will be at no additional cost. There are no warranties, express or implied, regarding our RMA service, including, without limitation to, implied warranties of OZC's ability for any repair. Notwithstanding any other provision, except for personal injury, OZC's total liability for losses arising out of or related to this plan, whether for breach of contract, negligence, warranty, strict liability in tort, or otherwise, is limited to the cost of twelve (12) months of extended warranty service provided under this plan for the particular equipment covered. After 7 years OZC will no longer accept the equipment for RMA
